## Practical no 06 :- Study and implementation of identity management.

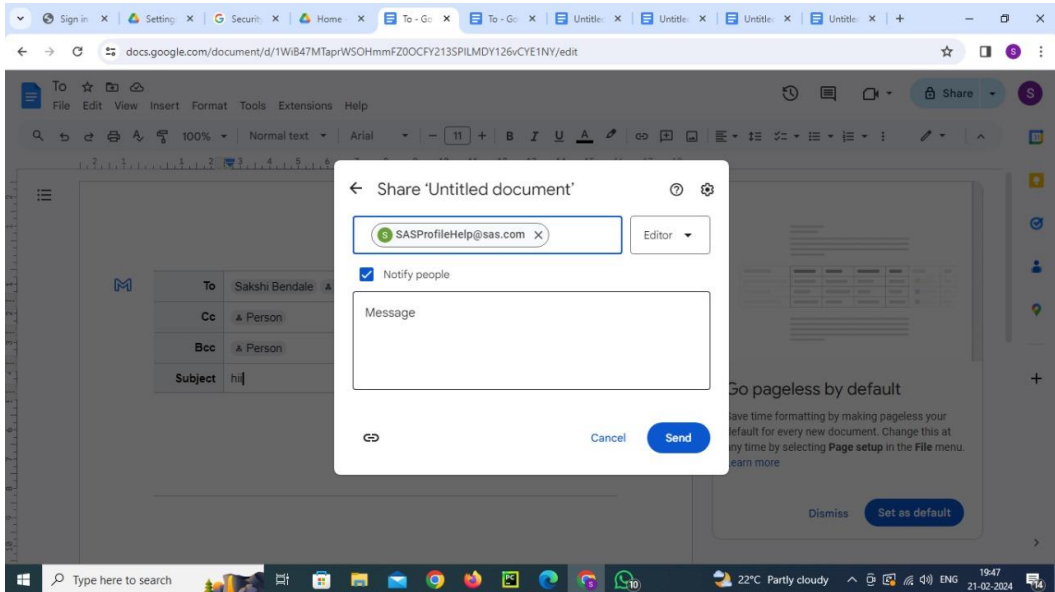

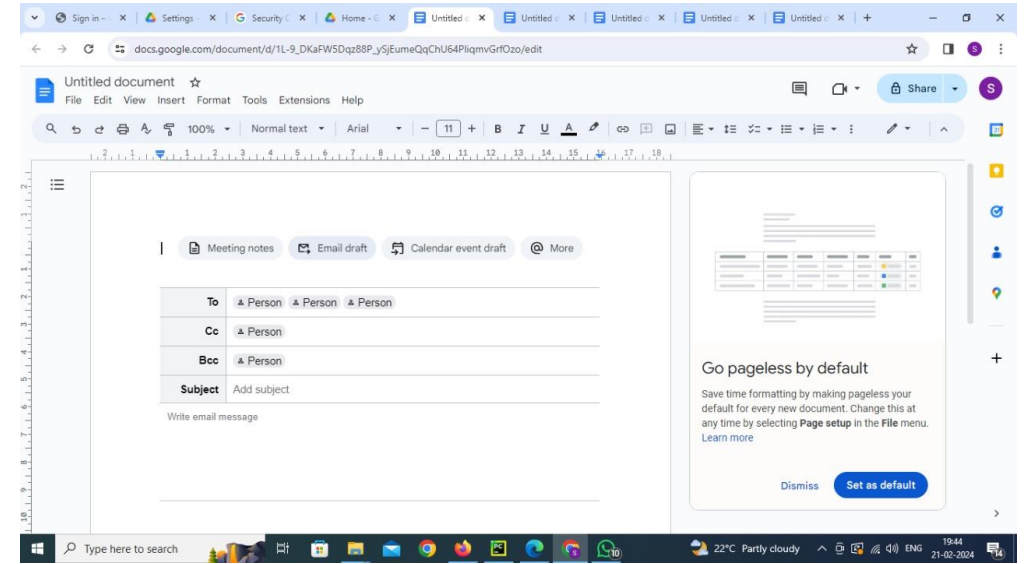

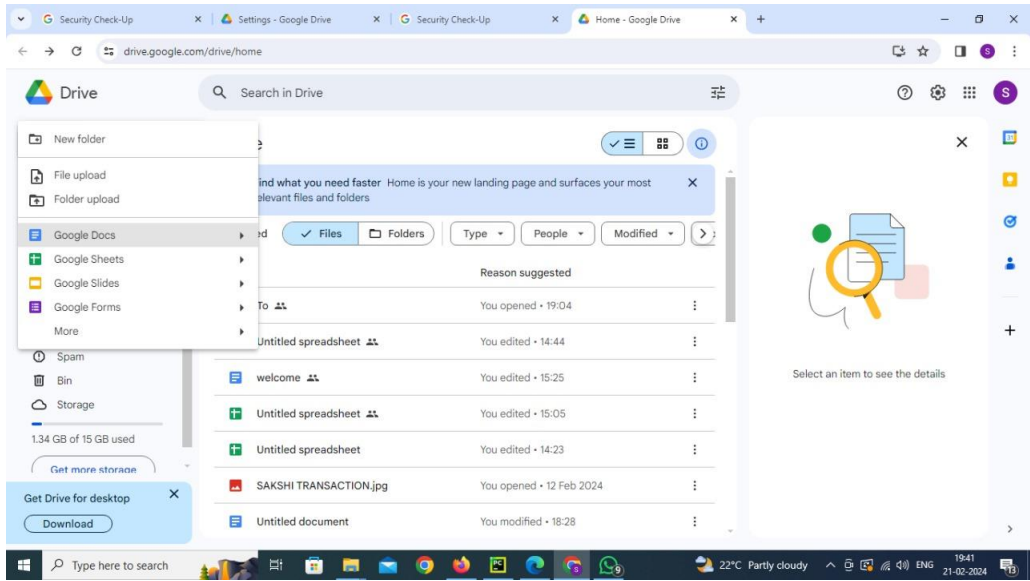

The first screenshot shows the Google sign-in page. It features the Google logo, the text "Sign in" and "Use your Google Account", a text input field for "Email or phone", a "Forgot email?" link, a note about Guest mode, a "Create account" link, and a "Next" button.

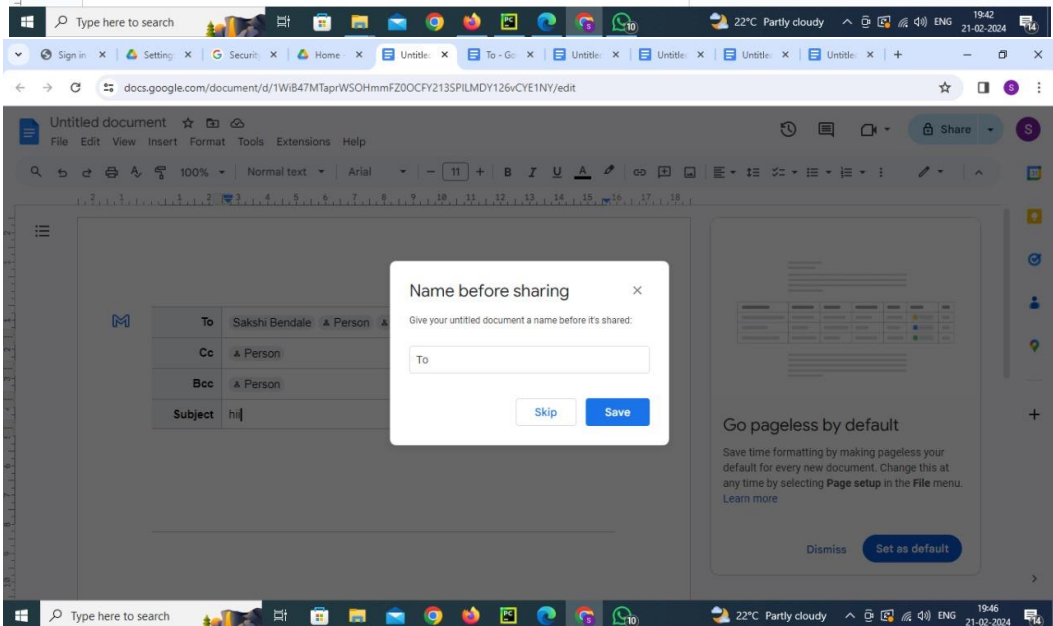

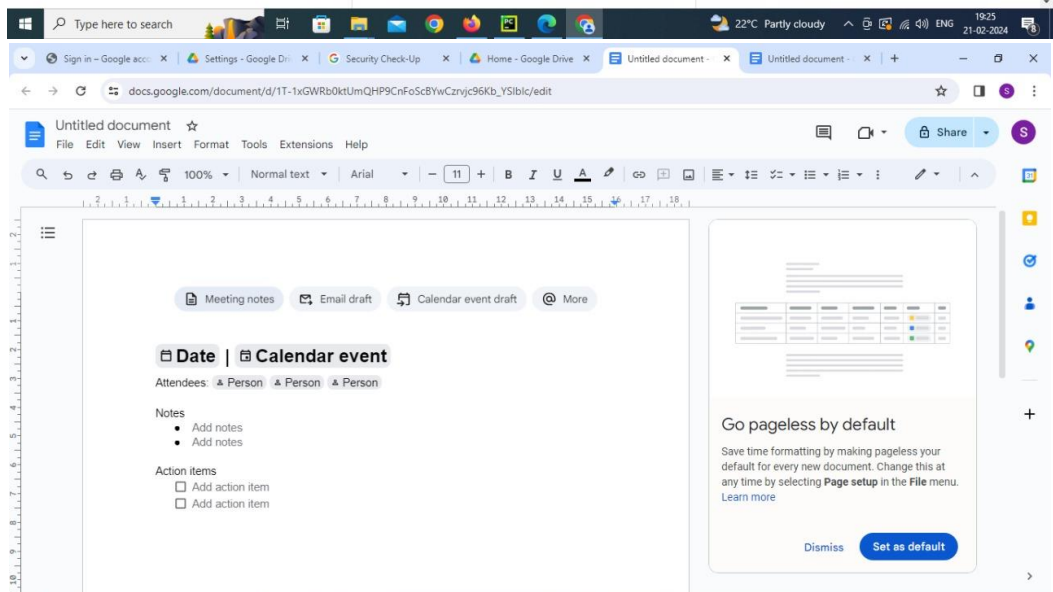

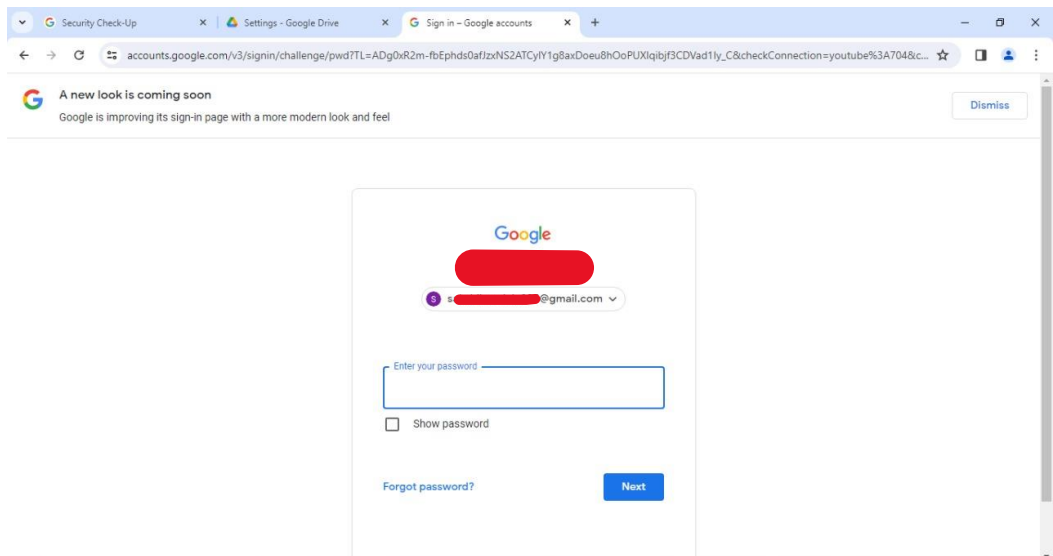

The second screenshot shows the "Account recovery" page. It asks the user to verify their identity by checking a notification on their Galaxy M02. It displays a masked email address and a "Check your Galaxy M02" section with instructions to tap "Yes" on a notification.

The third screenshot shows the Google Drive "Home" page. It includes a search bar, a "New" button, a sidebar with navigation options (Home, My Drive, Computers, Shared with me, Recent, Starred, Spam, Bin, Storage), and a main content area with a table of files and folders. The table has columns for "Name" and "Reason suggested".
